The People of Mexico Thoroughly Angered at the Home and Foreign Government Policy.

A Rural Missouri Youth Shoots the Top Of His Aged Uncle's Head Off In a Little Quarrel.

Desperate Battle With Fleeing Criminals ---The Panhandle Train Wrecker In the Dayton Jail.

The Mexican Trouble.

GALVESTON, April 14.—The New's Laredo special says: "For several days rumors have been rife of a threatened revolution throughout Mexico, which are about assuming tangible shape, to erupt the state of quietude prevailing the past four years. The causes are the huge moneyed concessions granted American railroads; the action of the government on the nickel question, in ordering the base coin funded and then repudiating the certificates of deposit on the return of the nickels; the passage of the stamp act, requiring a twelve-cent stamp on all articles offered for sale, notwithstanding the previous exorbitant custom house tax; the failure to pay the soldiers of the regular army, resulting in the thorough demoralization of the troops, those at Monterey throwing down their arms and deserting in squads because they were starving in the garrisons together. Charges of corruption are openly brought against the present president, now worth \$4,000,000, although poor when he went into office, four years ago."

Charged With Wrecking a Train.

DAYTON, April 14.—Michael, who was arrested here on Friday on suspicion of being the wrecker of the Panhandle express, last Thursday night, was identified yesterday afternoon by Conductor Pearson, who had charge of the wrecked train, as the tramp he had put off only a few days before. Measurements of his feet also correspond with the tracks in the mud about the tool house. Michael admitted that he is a tramp, and that he was in the vicinity of the wreck on Thursday, but claims he is innocent. There is a strong feeling against him, but so far the evidence is merely circumstantial.

Escaping Prisoners.

St. LOUIS, April 14.—Eight prisoners confined in jail at Gainesville, Green county, Arkansas, assaulted the jailer early Saturday morning, and escaped, after securing arms from the jailer's house. A posse of fifty citizens started in pursuit, and a pitched battle occurred, in which over a hundred shots were fired. Breckman, a burglar, was killed, and three other prisoners wounded and secured. The remainder escaped. The jailer received dangerous wounds.

He Killed His Uncle.

St. LOUIS, Mo., April 14.—A Post dispatch, Carrollton, Mo., special says that on Sunday morning Humphrey Bunch and Jesse Glover, farmers, residing in the northwestern part of the county, quarreled because Bunch, who was uncle of Glover, refused to allow the latter's cattle to feed on his pasture. Glover went away but returned shortly and shot the top of his uncle's head off. The murderer fled but is hotly pursued.

A Sensation in Church.

New YORK, April 14.—Dr. J. P. Newman preached yesterday in the Madison Avenue Congregational church. At the close of the services, a sensation was created by a woman walking up the center of the aisle to the pulpit, crying for water to quench the fire consuming her soul. The woman was led out. She is said to be a member of the church.

Trouble in the Family.

CINCINNATI, April 14.—It is stated that Mrs. Fred Mussey has separated from her husband. Mrs. Mussey is the youngest daughter of ex-Governor Foster, of Ohio. Mussey was appointed by Governor Foster as his private secretary and while in that capacity wooed and won the young lady who was many years his junior.

SALEM, N. J., April 14.—Gale's glass works and two buildings of Wm. Morris oil-cloth works, burned last night. Two other buildings were destroyed. Loss, \$7,000.

Shut out in London.

LONDON, April 14.—The appearance of Lawrence Barrett at the Lyceum theatre, Saturday night, in "York's Love," is made the occasion for extended comment and criticism by all the morning papers. As usual there is a great variety of opinion. Much is found to commend and much to condemn.

The Ruggs Murder Trial.

LONG ISLAND CITY, April 14.—The case of Charles H. Rugg, charged with the murder of Mrs. and Miss Mayne, was brought before the court to-day. Rugg's counsel moved to quash the indictment on the ground that the grand jury was improperly impaneled and incompetent. The court overruled the motion to quash and granted defense a continuance until to-morrow.

The Cuban Insurrection.

KEY WEST, Fla., April 14.—Advice from Havana state that Agüero has penetrated the rich jurisdiction of Colon, receiving, everywhere on the road, recruits of men and horses, and having burned various plantations where help was denied. The insurrection will increase if the troops are unable to capture the parties. Some papers accuse the military authorities with ignorance and indifference.

No Appeal From the Commissioner.

WASHINGTON, April 14.—The supreme court of the district, sitting in banc to-day, decided in the patent case of Hoe vs. Scott, that there is no appeal to the secretary of the interior from the decision of the commissioner of patents. The custom of entertaining such appeals, sprung during Secretary Kirkwood's administration and has continued down to the present time, the records showing that many decisions of the commissioner have been reversed by the secretary.

The Cattle Disease.

WASHINGTON, April 14.—In the house to-day, Reed offered a preamble and resolution reciting the allegation that the foot and mouth disease had been introduced into Maine through the fault or oversight of the United States official who is charged with the duty of inspecting and quarantining importations of cattle, and directing the commissioner of agriculture to make an investigation into the matter, with authority to report for the consideration of the house at any time.

The wife of a well known citizen of Adams county, which adjoins Allen, gave birth to a child, which had but one arm, that being the right one. On the left shoulder, where the arm should be, there is a perfectly developed head, the neck being also perfectly developed, but where the head should be is something that resembles an arm minus the hand. All other parts of the body were perfectly developed. The child died about three hours after birth. The parents were offered a large sum of money for the body, which they refused, and a close watch has been placed over the grave to prevent its being robbed.

Col. George Humphrey to-day forwarded his bond as government building superintendent to Clerk Noble, of the United States court, at Indianapolis, for approval. The paper is for \$150,000 and Capt. J. B. White and Henry M. Williams are on it as surety.

MINE CASUALTIES

Two Men Killed by a Furious Fire Damp Explosion and Many Other Workmen Injured.

The Coroner and a Special Grand Jury Investigating the Recent Bloody Cincinnati Riot.

Proceedings of the Senate and House of Representatives--The London Papers Promise Revelation.

Explosion in a Mine.

PERRISBORO, Pa., April 14.—An Elizabeth, Pa., dispatch says that a fire damp explosion occurred in the Woods mine, this morning, at 5 o'clock, killing two men and seriously injuring a number of others.

Shortly after 5 o'clock this morning an explosion of fire damp occurred in the coal mine of John A. Wood & Sons, near here, killing two men instantly and injuring several others. The dead bodies of James Painter and James Stevenson have been brought out of the mine, and are horribly burned and blackened.

They went to work at 5 o'clock, and just reached the point where they were to work when the explosion occurred, the fire damp igniting from their lamps. It was at first thought many others were in that part of the mine and had perished, but it is now certain they were the only ones killed. William Kent was 500 yards from the explosion and was severely injured by being violently thrown down. Workman Simons, who was a half-mile away, was struck on the head by a flying brick and sustained serious injuries. A number of others were cut and bruised by flying debris.

Willing workmen have been at the scene all morning, but their labors were interfered with by foul gasses and they had only succeeded at noon in reaching the bodies. Both victims were young men of family. Boys playing in the mine yesterday are supposed to have left the trap door open, which allowed the collection of the fatal gas. The explosion fortunately occurred when but few men had gone to work, else the loss of life must have been great.

Important Arrests.

LONDON, April 14.—The Times states that arrests have been made which will throw light on recent explosions. We believe that one or two informers will be produced who will reveal the headquarters of conspiracy, whether in France or America. We are assured that French authorities are on our side and that the French police will prevent outrages. We have, however, no such assurance from America. We do not believe that American police would connive at sending infernal machines across the Atlantic, but an open crusade is preached in America against England and funds are collected there and things which have been threatened have been done. The facts are well known to the American police and they can act now if they choose, but in the present temper of the American people we should not hope for much from them.

The Coroner's Inquest.

CINCINNATI, April 14.—Coroner Muscraff has begun an inquest on victims of the late riot, and has selected thirteen victims, intending to let that examination cover the entire number. So far nothing has been elicited beyond the testimony for the identification of the dead bodies. It is said that the coroner will not make a searching investigation, leaving that to be done by a special grand jury, which began its duties this morning after being charged by Judge Avery to make inquiry into the late riot, the burning of the court house and of charges of corruption in connection with the jury that tried William Berner. The testimony before the grand jury is given privately and all are sworn to secrecy.

Nearing the End.

FALL RIVER, Mass., April 14.—The eleventh week of the strike opens with decided gain for the manufacturers. They are running more machinery than at any time during the strike. The manufacturers and workers predict that the strike is approaching an end. The greater part of funds have been exhausted and but little comes in from outside.

Steamship Lost.

NEW YORK, April 14.—It is reported that the United States and Brazil Mail Steamship company's steamship Reliance,

running between New York and Rio De Janeiro, is lost with her cargo, including 7,000 bags of coffee. The passengers and crew are reported saved.

Congressional.

WASHINGTON, April 14.—The senate was preceded over to-day by Senator Ingalls.

Among the petitions and memorials presented were resolutions passed by the recent convention of inventors, held at Cincinnati, opposing any change in the patent laws, which may tend to the injury of property in patents; also a petition signed by Mrs. James A. Garfield and five hundred other citizens of Cleveland, Ohio, praying for the passage of a bill providing for the return of the Nez Percés Indians to their old home; also a joint resolution from the Iowa legislature praying that the minimum sum for which changes may be made from state to the United States courts may be increased.

A petition was presented from tobacco dealers, remonstrating against the agitation of the tobacco tax question, and praying that the tax may be allowed to remain as it is. Also a memorial from the board of trade at Albuquerque, New Mexico, complaining of certain acts of territorial legislation and praying for their annulment.

Sherman introduced a bill authorizing the president to appoint and retire John C. Fremont as major general of the United States army.

In the house, Turner, of Kentucky, introduced a bill to equalize taxation. It recites that bondholders and millionaires have paid no tax on incomes to support the federal government for over twenty years; that taxation should be justly imposed, and that there should be no favored class, and it enacts that an income of three per cent. on over \$5,000, five per cent on over \$10,000 and ten per cent on over \$100,000 shall be levied and collected.

Officer Fueshuber had four vagrants at police court this morning. The ragged gentry were sent to jail to crack stone. The best remedy for these fellows is to club them out of town.

The Easter collections at the Catholic churches were quite handsome. At the Cathedral \$413 were collected; St. Mary's church, \$190; St. Paul's church, \$74, and St. Peter's church, \$87.

Prof. Henry M. Hoppe, of Emanuel's Lutheran school died last evening at 5 o'clock. The professor was a fine man and a distinguished educator. His funeral will occur Thursday afternoon at 2 o'clock.

Friday evening, George Goff, of the Wabash railway, was caught between the cars, at Peru, and so badly crushed that he died in a few hours. Goff was unmarried, and himself lived at Andrews, though his parents reside in Logansport. Only the evening of his death, in Andrews, he and several others were conversing about a tramp, who had been cut to pieces, and Goff made the remark that he wanted to go the same way if he had to be killed—he did not want to lose a leg or arm. His turn came only a few hours later.

I am offering my saloon for sale, having interested myself in a patent right, the automatic shoemaker's sewing needle, the greatest invention of the present age, which, by the way, comes in use for a dozen or more uses outside of the shoemaker's trade. My saloon is centrally located and is within one-half square of the two leading hotels of the city and has been a saloon for twenty years, myself, A. Dukeman, having kept there for twelve years. Even if Athlophores—the champion
remedy for Rheumatism and Neuralgia
—produced no other effect than giving
speedy relief to pain, reducing swelling,
and limbering stiffened joints and mus-
cles, it would still out-rank all ordinary
remedies. But it does vastly more. It
goes for the causes of these pains and
swellings, which it finds in the blood and
destroys them. The acidulous poisons
expelled from blood and system, a
healthy and national circulation restored
the work of Athlophores is done and the
sufferer is well.

Big Freight Shipments.

During the week ending Saturday,
April 12, the shipments of flour, grain
and provisions from Chicago to the east
amounted to 97,653 tons, compared with
99,759 tons during the preceding week,
and against 92,484 tons during the cor-
responding week of 1883. The ship-
ments of flour decreased 693 tons, while
those of grain increased 5,614 tons and
those of provisions 1,979 tons.

The percentages were as follows: Bal-
timore and Ohio, 12.5; Chicago and At-
lantic, 14.7; Chicago and Grand Trunk,
10; Pan Handle, 13; Lake Shore, 10.2;
Michigan Central, 9.3; Nickel Plate,
11.4; Fort Wayne, 18.9.

The percentages for the corresponding
week last year were: Baltimore and
Ohio, 4.1; Chicago and Grand Trunk,
19; Pan Handle, 8.3; Lake Shore, 13.3;
Michigan Central, 20.4; Nickel Plate,
6.8; Fort Wayne, 27.1.

The above figures bear evidence that
the shipments of the past week were the
largest that ever left Chicago in one
week for the east. The shipments of
the previous week were the largest
known up to that time, but the past
week's business is a surprise to many,
because of its immensity, being more
than three times as large as those of the
corresponding week of 1883.

troubles it is invaluable.

A Perfect Medicine Chest.

SING SING, N. Y., POST OFFICE, }
March 19, 1883 }

One week ago, while engaged in my
duties as assistant postmaster, I was
taken with a violent pain or kink in my
back; it was so painful I could hardly
breathe, and I ached all over my body.
I immediately sent for an Alcock's Porous
Plaster and applied it over the seat of
pain; in twenty minutes I was entirely
relieved and cured. I have used Al-
cock's plasters in my family for over
twenty years, and have found them won-
derfully effective in curing coughs, colds,
and pulmonary difficulties. They are a
perfect medicine chest; they cure with-
out the slightest pain or inconvenience,
never leaving a mark on the skin.

R. K. HELPHENSTINE—Sir: In reply
to your letter asking me about Durang's
Rheumatic Remedy. I have to answer
that I have never found anything that
would help me until I tried it. I think
it is the most wonderful medicine ever
used for rheumatism. Nothing can be
said in praise of Durang's Rheumatic
Remedy that will not meet my hearty
approval.

Yours, truly,
W. F. BONNER.

is a weak point. We may escape many a fatal
ill by keeping ourselves well fortified with
pure blood and a properly nourished frame."

THE CITY.

THE SENTINEL greets you in its new frock.
Frank Falker is strongly urged to run for sheriff.
The fire department has not had a run for four weeks.
The Aldrich-Godfrey case has been indefinitely postponed.
Auditor Griebel and Henry Fisher returned Saturday night from Chicago.
George Richards, city bill poster, is billing the Cincinnati May festival to-day.
Ed Downey and his solid girl are still in jail. They are not coming very fast for Ed. now.
Mr. Mike McNulty left to-day for Michigan, where he has accepted lucrative position.
In St. Paul's Lutheran church forty-eight girls and twenty-five boys partook of their first communion yesterday.
Ephraim Ridenour and Catharine E. Hayes and Adele Hoffman and Rosa Schenkele have been licensed to marry.
William Coleman disturbed the meeting at the Third Street M. E. church last night and was run in by Officer Tremmel.
The three year old daughter of Mrs. Catharine Rue was drowned in a cistern, near its home on Broadway, Saturday afternoon.
Peter Zahm, of Huntington, was in the city to-day in attendance upon the funeral of Conrad Baker, to whom he was distantly related.
Larry Dignan has accepted a position as freight conductor on the Nickel Plate and will commence running between this city and Bellevue this week.
Mike Hagenriter surrounded too much juice yesterday and abused a poor horse which he was driving. Officer Lee looked him up. He is now in jail.
Robert Irwin, John Patterson and Frank McCheskey hit too much Book beer and fell into official arms. They were fined and two of them hustled the necessary cash.
Burglars entered Berghoff's brewery, on East Wayne street, Saturday, and carried away a box of cigars and a bottle of blackberry brandy. The thieves were not apprehended.
Trustee Gaffney sent big packages of candy to the school children of Wayne township to-day. The little ones are observing Arbor Day and Mr. Gaffney wants to assist them in the pleasure.
A conference of the Lutheran ministers of the Missouri synod, which includes Fort Wayne, will be held in this city at Emanuel's church, beginning to-morrow. The conference ends Friday.
Dr. James Welsh, the Hibernian specialist and street fakir, is now located at Grand Rapids. The doctor did a great business here plying the corns and bunions of shapely girls and sentimental matrons.
Department Commander Edwin Nicur has appointed James C. Woodworth district inspector, and L. C. Eastwood as de-camp on his staff. They are both members of Anthony Wayne post, and are excellent selections.
About 6 o'clock Sunday morning the streets present an interesting appearance. At that hour the old toughs assume about to get drunk and do an odd job for the bar tenders. The fellows always hunt a hole before church time.
The Woman's Christian Temperance Union held their regular Tuesday meeting, at 2:30 o'clock, standard time, at Mrs. S. A. Green's, 221 West Wayne street. A full attendance is desired, as there are several important questions to be settled.
The general conference of the Methodist Episcopal church will meet in Philadelphia on the first of next month. It meets once in four years, and its sessions usually continue for about a month. It is the only legislative body in the church and is composed of delegates from all the annual conferences throughout the United States and foreign countries.
Mrs. Cooper, of Damascus, Ohio, came here yesterday after her runaway son, who was arrested by Lieutenant Frank Wilkinson last week. Mr. Wilkinson read a description of the boy on a postal card sent out by his father and readily picked the fellow out of a party of tramps, who were being driven from town. The capture was a clever one and Frank was handsomely rewarded.
James Tate was drunk yesterday and created a disturbance at the Tremont house, on Columbia street. Officers were called, and it took Deputy Marshals Patton and Brandt and Officer Pohle to lock the obstreperous youth up. When the fellow was being put in his cell he kicked Deputy Marshal Patton in the face. The officers have too much patience with these toughs, who could be laid out in a second and carted to the cooler. The racket cost Tate \$25, which he will board out.

Dr. E. L. Toms, of Chicago, was in the city yesterday.
The attorneys of William Boyle will try to save their client's neck.
Mr. and Mrs. A. G. Wagner will arrive home from the south next Saturday.

William S. Perry, of Cannabin, Hannu & Co., and L. P. Coberly, of Huestis & Hamilton, went west this morning.
The Kerr Murray Manufacturing company shipped several car loads of gas works material to Pittsburg to-day.
The Wabash road has contracted with John Lewis, of Huntington, to sink a well at their shops at Mt. Carmel, Ill., to the depth of 500 feet.
Freight business on the Nickel Plate road is brisk now and Agent Barnard tells us freight trains run from Fort Wayne to New York City in three days.
The Concordia college will be closed this week to allow the professors of the institution an opportunity to attend the conference of Lutheran ministers at Emanuel's church.
Because of trouble with his step-mother, Victor Schuyler, a well known young man of North Manchester, Wabash county, committed suicide by drowning on Saturday last.
The Anthony Wayne Post, G. A. R., run an excursion to Chicago April 23, over the Nickel Plate road. The veterans and their friends go to view the painting of the battle of Gettysburg.
Deputy Sheriff John Hance is again afflicted with rheumatism. John waded into the water in the fair grounds the other day after tramps and now is laid up. Mr. Hance is a clever officer and a very intelligent fellow.
Fred Beach, George Bruckneridge and John B. Krudop qualified to-day as city commissioners. They will condemn a right of way for water mains to the St. Joe river, a plan that will be a failure as certain as day light. The experiment will cost thousands of dollars just as the useless reservoir did.
Colonel I. J. C. Shoemaker, sir knight commander of Tiffin Division, Uniform Rank, Knights of Pythias, and post commander of the Grand Army of the Republic, of Tiffin, Ohio, is in the city, visiting his many friends. Mr. Shoemaker was a bidder on our water works some four years ago, and, although he didn't secure the contract, he compliments the city on its supply.
Last year Heilbronner, Foote and the Occidental proprietors received telegraphic accounts of outside ball games jointly. This year Mr. Heilbronner bears the expense alone. Other people of course will steal his glory, and did Saturday to their sorrow. The home club did not play at St. Louis that day, and Mr. Heilbronner, for sport, wrote a telegram announcing the result of the game, "Fort Wayne 9, St. Louis 0." Of course the dispatch was stolen and hung up all over the city. There was no game Saturday and Mr. Heilbronner has the laugh on his friends.

Freight business on the Pittsburg railroad is lively now.

The county superintendents of the state will meet at Indianapolis in annual convention June 10. Col. Jerry Hille-gass will attend the convention.
The Gazette writes up the candidates for the city council, and really has to admit that the democratic aspirants are honest, intelligent representative men.
Charlie McKee and wife, of Bay City, Mich., formerly of Fort Wayne, were drowned in Saginaw bay, while on a fishing expedition, by the capsizing of their boat.
A man is employed at Centivire's brewery who drinks on an average a keg of beer a day. Saturday night, for a wager, he downed eighteen glasses of beer in almost one breath.
Sheriff Will Scheifer will limit admissions to the jail hereafter in accordance with the instructions of the grand jury. The business of gaping at prisoners might be cut off altogether, but Mr. Scheifer is too clever to do it.
The indications for the lower lake region as reported for THE SENTINEL by the weather bureau at Washington are as follows: Increasing cloudiness and rain, winds generally from east to south, lower barometer and slight rise in temperature.
Lillie Weaver, an inmate of Lev Clark's establishment, got jealous of her lover and filled herself with beer Saturday night. The people of the house believed she swallowed morphine and sent for physicians. Lillie is sober to-day and all right.
The marriage of Mr. M. F. Shick, a promising young druggist of Frankmuth, Mich., and Miss Annie Brunz, of this city, will be solemnized next Wednesday evening at the residence of Rev. Sauer, on Barr street. Mr. Shick is a son of Professor Shick, of the Concordia college.
The democratic convention of Huntington county will be held on the 24th of June. The new central committee met on Saturday last and organized by the election of ex-Sheriff John A. W. Kintz as chairman, W. A. Jones, secretary, and Joseph G. Amoss, treasurer. The democracy of our neighboring county will achieve a brilliant victory this fall.

Three hundred and fifty emigrants went west this morning over the Pittsburg road.
The Pennock road scraper people are getting out a cheap machine to compete with the Fleming road scraper.
Book beer was sold yesterday. The weather was cool and no drunks were about to disturb the Sabbath peace.
This is Arbor Day, and is generally observed throughout the county. In the city no notice was taken of the occasion.

A base ball catcher's mask, that opens when a spring is touched, is the most recent addition to base ball paraphernalia in a Fort Wayne store.

Monroe Jones, of the Grand Rapids base ball club, is nicknamed "Nobby" by his comrades, and the Cincinnati News-Journal asks: "What's the matter with their shirt borrowing manager, Phillips?" Pretty hard.
The Fort Wayne club did not play with the St. Louis Browns Saturday on account of the rain, but played yesterday and was downed by the St. Louis boys 8 to 0. The home club got about \$200. Now the club works homeward.
M. W. Carr, who has been in the city for two weeks writing up the social, political and commercial phases of Fort Wayne for the Indianapolis Sentinel, returns home this evening. Mr. Carr has made hosts of friends here and is a talented, clever gentleman.
John F. Rodabaugh will be legal solicitor for the new Building, Loan and Savings association. This association is organized in branches, with 500 members each and a capital stock of \$1,000. The promoters of the Loan association expect to organize five branches, with a membership of 2,500 and total capital stock of \$500,000.
Saturday afternoon the democratic county central committee met and decided that in conventions hereafter delegates will vote on open ballot and by townships. This will prevent sneaking business or combinations. They also fixed May 10 as the time to select delegates to the congressional and joint senatorial conventions.
Next Wednesday evening, Stetson's company will present the thrilling drama of "Monte Cristo," founded on the celebrated romance of Alexander Dumas, which recounts the wonderful adventures of a revengeful and wronged man. Edmund Dantes is thrown into prison, though an innocent man. He makes the acquaintance of an astrologer and learns of the vast store of wealth on a certain island, that of Monte Cristo. He escapes and finds it. He returns and dazzles the world with his wealth and mysterious power, and avenges all his wrongs.
The funeral of the late Conrad Baker occurred this morning from the Cathedral and was very largely attended. In the death of Mr. Baker Fort Wayne loses one of her best and foremost citizens and his family a kind and loving husband and father. He was born in the Grand Duchy of Hesse Darmstadt, May 7, 1822. He came to Fort Wayne with his parents in 1838, where he remained until 1843, when he moved to Pittsburg, and at the latter place was married to Miss Bridget O'Donnell and returned to Fort Wayne in 1849, where he resided until the time of his death. Deceased served in the city council from the Fifth ward and was street commissioner from 1875 to 1877. Three brothers and three sisters are well known residents of Fort Wayne and survive him.

Certain druggists begin to complain that the only cough remedy they can now sell is Dr. Wistar's balsam of wild cherry. This goes to prove that intelligent people are determined to get the best remedy for coughs, colds and consumption, and will not take a substitute.

A complaining Chicagoan, in his suit for divorce, declares that his wife has made everything hot for him in his married life except the tea and coffee.

The Great American Chorus.
Sneezing, snuffing and coughing. This is the music all over the land just now. And will be until June. "I've got such an awful cold in my head." Cure it with Ely's Cream Balm or it may end in the toughest form of catarrh. Maybe you have catarrh now. Nothing is more nauseous and dreadful. This remedy masters it as no other ever did. Not a sniff nor a liquid. Applied by the finger to the nostrils. Pleasant, certain, radical.

Oxford, Ohio, has a democratic mayor for the first time.

Velveteen comes now in all the delicate evening shades.

An enterprising reporter, writing of a wreck at sea, stated that no less than fourteen of the unfortunate crew and passengers bit the dust.
